------------------	---

Short description	<p>Our organization as founded by the Municipality of Murska Sobota, Slovenia. As a public institution we work in the field of research, education, tourism and carry out several social programmes. We aim to strenghten our position in relevant strategic areas, something we wish to achieve by consolidating and concentrating our resources. We cooperate with the local community, bussines partners and other international organizations. Currently we are implementing five cross-border Interreg projects, three of which are led by our organisation. All of the project are primarily focused on cultural heritage preservation (Intereg Slovenia-Hungary, Slovenia-Austria and Slovenia-Croatia). We are keen on branching out in terms of project focus (since cultural heritage is merely a part of what our organisation actively works on) and in terms of participating in an international partnership. We are a reliable and hardworking partner with experience in project implementation and are looking forward to future cooperation.</p>
