Culture sub-Program

Strand/category	Support for European Cooperation Projects
Deadline	Sep 2015

Cultural operator(s)

Name	<p>Pinceszínház Eger Művészeti Közhasznú Egyesület</p>
Short description	<p>The Undergroundtheatre Eger Art Public Benefit Association (http://pinceszinhazeger.hu/) has been working in Eger since 1998. At the early stage we started with drama classes for children. But we also have organised Open-Air Theatre every summer. Besides the organisation of open-air theatre performances, we have signed almost fifty cooperation agreements over the past few years, providing educational and cultural programs for these educational institutions. 12 of these institutions care for children with disability or handicap. Besides theatre performances, folk dance classes and arts and craft workshops, we present new view of life for disabled and handicapped children using our late art therapy which is a new approach in pedagogy. This method has been developed for children and used efficiently for 16 years.</p> <p>We also successfully applied it to adults 3 years ago when we launched the <i>Jail project</i> cooperating with the County of Heves Law Enforcement Institute. The program is still running including art therapy classes for women captives.</p> <p>We have been organising open-air theatres in Érsekkert in Eger for 6 years. Each year we try to work with the best professional actors. The other speciality of the performances that our association has a creative team. The members of this team are able think together for the common aims and accomplish productions perfectly for children and adults.</p> <p>The result of our community building work is special and uplifting feeling not just for us but for the viewer, too. The reaction of the present economic environment was that we have a workable and lifelike idea about how to operate a theatre and culture. We have launched an annual fine art meeting called Eger International Colony of Artists 3 years ago. Every year 10-12 well-known artists come to Eger from different cities and countries of Europe to create in Eger for a week and meet with other people working in different kind of art such as actors, musicians, dancers.</p> <p>We managed to set up a group at our theatre collaborating with the Faculty of Arts of the University of Kaposvár. It is called Sit Down company where people with disabilities and handicaps work and take part in drama classes and form a professional art company.</p>

Project

Field(s) Audience development

Description We would like to spread the idea that a piece can be also played by handicapped people. We would like to find partners with similar way of thinking and we could work together to present good example for disabled and handicapped people in order that their dreams come true in an open minded thinking and recipient society.
We are looking for partners who could cooperate with us in fields like :

- exchange of theatrical plays, artists and cultural managers to have an insight into the life of other operators
- designing art and drama therapies for the handicapped and prisoners to help their social reintegration
- talent care of underprivileged young persons
- managing a colony of artists
- workshops and seminars for audience development.
