### Project

Field(s)	Visual arts; Cultural management; Social participation; Arts-related usage of ICT; Youth involvement with culture.
Description	<p>Fundación Mainel has a solid track record of management of cultural events and involvement in project partnerships:</p> <ul style="list-style-type: none"><li>• Its summer courses, seminars, conferences, exhibitions and publications have gathered some of Spain's leading artistic and cultural professionals, offering their experience, advice and ideas to younger generations, as well as to general audiences.</li><li>• Specifically for young artists, its Painting Prize (see <a href="http://www.mainel.org/dialogos">www.mainel.org/dialogos</a>) is a well-known call for artists not yet spotted by the art market.</li><li>• The annual "Coloquios de Cultura Visual Contemporanea" bring a broad range of current art issues to university students, through the participation of prestigious arts practitioners, managers, and educators.</li><li>• Other events combine creative expression and social causes, drawing on Mainel's second area of expertise, as an NGDO, collaborating with local partners in Latin America, Africa and Asia.</li><li>• The usage of ICT within the cultural sector is a subject for continuing research and practice, too.</li></ul>

Countries

European Union and neighboring regions.

Profile

We are open to participation as national partners in proposals, not acting as application leaders. We have been involved in joint projects with universities (such as Universidad Internacional Menéndez Pelayo), international cultural institutions (Instituto Cervantes) museums (Círculo de Bellas Artes, Madrid), commercial art galleries, artists' and designers' associations, publishers, international cooperation NGOs, etc.
